POM Fliter
With 1mm diameter of hole, the plastic fliter (easy to clean) extend the spray's using life.

Spring
304 stainless steel (Ni>8%)
Good scalability, high tensile. Good resistance with long working life.

POM Corn
POM material.
Stable performance and corrosion resistance
Over 100,000 times at 0.1MPa water pressure
High hardness, creep-resistance, fatigue-resistance, good formability..

Oring & POM Fixer
NBR70: Do not contain DOP oil.
Abrasion-resistant. Aging resistant, good in adhesion and sealing.

ABS Nozzel Part
Black nozzel in elegant shape. Can take it out when needed.

POM Fixer
Let the faucet internal stability, installation more smooth, longer service life
